U MICROFINANCE BANK LIMITED FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 2023

# AFFERGUSON CO

### INDEPENDENT AUDITOR'S REPORT

To the members of U Microfinance Bank Limited Report on the Audit of the Financial Statements

# Opinion

We have audited the annexed financial statements of U Microfinance Bank Limited (the Bank), which comprise the balance sheet as at December 31, 2023, profit and loss account, the statement of comprehensive income, the statement of changes in equity, cash flow statement for the year then ended, and notes to the financial statements, including material accounting policy information and other explanatory information, and we state that we have obtained all the information and explanations which, to the best of our knowledge and belief, were necessary for the purposes of the audit.

In our opinion and to the best of our information and according to the explanations given to us, the balance sheet, profit and loss account, the statement of comprehensive income, the statement of changes in equity and cash flow statement together with the notes forming part thereof conform with the accounting and reporting standards as applicable in Pakistan and give the information required by the Companies Act, 2017 (XIX of 2017), Microfinance Institutions Ordinance, 2001 and the directives issued by the State Bank of Pakistan (SBP) in the manner so required and respectively give a true and fair view of the state of the Bank's affairs as at December 31, 2023 and of the profit and other comprehensive income, the changes in equity and its cash flows for the year then ended.

# Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs) as applicable in Pakistan. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Bank in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants as adopted by the Institute of Chartered Accountants of Pakistan (the Code) and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

# Information Other than the Financial Statements and Auditor's Report Thereon

Management is responsible for the other information. The other information comprises the information included in the directors' report but does not include the financial statements and our auditor's reports thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

STATEL.

A. F. FERGUSON & CO., Chartered Accountants, a member firm of the PwC network 74-East, 2nd Floor, Blue Area, Jinnah Avenue, P.O.Box 3021, Islamabad-44000, Pakistan Tel: +92 (51) 2273457-60/2604934-37; Fax: +92 (51) 2277924, 2206473; < www.pivc.com/pk>

# <sup>-2-</sup> AFFERGUSON CO

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements, or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

# Responsibilities of Management and Board of Directors for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the accounting and reporting standards as applicable in Pakistan and the requirements of Companies Act, 2017 (XIX of 2017), Microfinance Institutions Ordinance, 2001 and the directives issued by the State Bank of Pakistan and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Bank's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Bank or to cease operations, or has no realistic alternative but to do so.

Board of directors are responsible for overseeing the Bank's financial reporting process.

# Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with ISAs as applicable in Pakistan will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs as applicable in Pakistan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit
  procedures that are appropriate in the circumstances, but not for the purpose of
  expressing an opinion on the effectiveness of the Bank's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Bank's ability

30000

# -3- AFFERGUSON CO

to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Bank to cease to continue as a going concern.

• Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the board of directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

# Report on Other Legal and Regulatory Requirements

Based on our audit, we further report that in our opinion:

- a) proper books of account have been kept by the Bank as required by the Companies Act, 2017 (XIX of 2017);
- b) the balance sheet, profit and loss account, the statement of comprehensive income, the statement of changes in equity and the cash flow statement together with the notes thereon have been drawn up in conformity with the Companies Act, 2017 (XIX of 2017), Microfinance Institutions Ordinance, 2001 and the directives issued by the State Bank of Pakistan and are in agreement with the books of account and returns;
- c) investments made, expenditure incurred and guarantees extended during the year were for the purpose of the Banks's business; and
- d) Zakat deductible at source under the Zakat and Ushr Ordinance, 1980 (XVIII of 1980), was deducted by the Bank and deposited in the Central Zakat Fund established under section 7 of that Ordinance.

### Other Matter

The financial statements of the Bank for the year ended December 31, 2022 were audited by another auditor who expressed an unmodified opinion on those statements on March 15, 2023.

The engagement partner on the audit resulting in this independent auditor's report is Mr. JehanZeb Amin.

# U MICROFINANCE BANK LIMITED NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2023

### 1 STATUS AND NATURE OF BUSINESS

On August 30, 2012, Pakistan Telecommunication Company Limited (PTCL) acquired 100% shareholding of Rozgar Microfinance Bank Limited, incorporated in Karachi on October 29, 2003 under the Companies Ordinance, 1984 (repealed by Companies Act, 2017), and its name was changed to U Microfinance Bank Limited (the Bank) with effect from December 07, 2012. The Bank was granted license by State Bank of Pakistan (SBP) on February 01, 2013 for commencement of nationwide microfinance banking operations.

On July 11, 2013, approval for the nationwide commercial launch of Branchless Banking Services (BBS) was received from SBP. The Bank commenced commercial operations of BBS on July 23, 2013.

The Bank's principal business objective is to assist in stimulating progress, prosperity and social peace in society through creation of income generating opportunities for the small entrepreneur and advancing microcredits as per SBP guidelines and the Microfinance Instituitions Ordinance, 2001 by way of various facilities offered by the Bank including livestock loans, housing loans, general loans, salary loans, solar financing etc. The Bank also provides branchless banking services. Further, the Bank has also obtained SBP approval for offering Islamic modes of financing and is presently offering Murabaha, Salam and Diminishing Musharika facilities. The Bank's head office and the principal place of business is located at F-7 Markaz, Islamabad, Pakistan.

The bank is a 100% subsidiary of PTCL which holds 408,571,429 (2022: 408,571,429) fully paid ordinary shares of Rs. 10 each and 100,000,000 (2022: 100,000,000) fully paid preference shares of Rs 10 each. Further, during the year the Bank has also received Rs. 1,600,000,0000 from PTCL on account of advance against issue of shares.

### 2 BASIS OF PRESENTATION

- 2.1 These financial statements have been presented in accordance with the requirements of Banking Supervision Department (BSD) Circular No. 11 dated December 30, 2003 issued by the State Bank of Pakistan (SBP) and specific SBP communication with bank on necessary disclosures with respect to IFRS 09.
- 2.2 The financial results of the Islamic Microfinance Division (IMD) of the Bank have been consolidated in these financial statements for reporting purpose, after eliminating inter-branch transactions / balances. Key figures of the IMD, derived from the related accounting records of the Bank, are disclosed as Annexure-II to these financial statements for disclosure purpose only to comply with the requirements of the license issued by the SBP to the Bank to commence Islamic microfinance operations. Further, the IMD results are to be separately reported upon for Shariah Compliance by the Shariah Advisor of the Bank as required by the SBP in conditions prescribed for the Bank to commence Islamic Microfinance operations.

## 3 STATEMENT OF COMPLIANCE

- 3.1 These financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan for Microfinance Institutions (MFIs). The accounting and reporting standards applicable in Pakistan comprise of:
  - International Financial Reporting Standards (IFRS Standards) issued by the International Accounting Standards Board (IASB) as are notified under the Companies Act, 2017;
  - Islamic Financial Accounting Standards (IFAS) issued by Institute of Chartered Accountants of Pakistan (ICAP) as notified under Companies Act, 2017;
  - Provisions of and directives issued under the Microfinance Institutions Ordinance, 2001 and the Companies Act, 2017; and
  - Directives issued by the State Bank of Pakistan (SBP) as well as Bank's specific communication with SBP on specific matters and the directives issued by the Securities and Exchange Commission of Pakistan (SECP);

303300-

Wherever the requirements of the Microfinance Institutions Ordinance, 2001, the Companies Act, 2017, or the directives issued by the SBP and the SECP differ with the requirements of the IFRSs or IFASs, the requirements of the Microfinance Institutions Ordinance, 2001, the Companies Act, 2017, and said directives shall prevail.

Banking Policy & Regulations Department (BPRD) of State Bank of Pakistan (SBP) via circular no. 3 of 2023 dated February 09, 2023, introduced the new format for preparation of annual and interim financial statements for microfinance banks due to significant regulatory developments including implementation of IFRS 9 as well as many other additions / amendments in the International Financial Reporting Standards. The revised format for preparation of annual financial statements are applicable effective from the accounting year ending December 31, 2024 and revised format for preparation of interim financial statements are applicable effective from the first quarter of year 2024. The Bank has presented certain disclosures in furtherence of its related correspondence with SBP, to comply with requirements of IFRS 9 due to its early adoption by the Bank.

The SBP has deferred the applicability of International Accounting Standard (IAS) 39 'Financial Instruments Recognition and Measurement and IAS 40- Investment Property for Banking Companies in Pakistan through BSD Circular Letter 10 dated August 26, 2002 till further instructions. Further, the SECP has deferred the applicability of IAS 40 'Investment Property and IFRS 7 'Financial Instruments. Disclosures through its notification S.RO 633(1)/2014 dated July 10, 2014. Accordingly, the requirements of these standards have not been considered in the preparation of these financial statements. However, investments have been classified and valued in accordance with the requirements prescribed by the SBP through various circulars.

## 4 NEW AND REVISED STANDARDS AND INTERPRETATIONS

- 4.1 There are certain new standards, interpretations and amendments to existing accounting and reporting standards that have become applicable to the Bank for accounting periods beginning on or after January 1, 2023. These are considered either not to be relevant or not to have any significant effect on the Bank's financial statements.
- 4.2 Following standards have been issued by the International Accounting Standards Board (IASB), which are yet to be notified or declared exempt by the Securities and Exchange Commission of Pakistan (SECP) as at December 31, 2023 for the purpose of their applicability in Pakistan:

| IFRS 1   | First Time Adoption of International Financial Reporting Standards                  |
|----------|---|
| IFRS S1  | General Requirements for Disclosure of Sustainability-related Financial Information |
| IFRS \$2 | Climate-related disclosures   |
| IFRIC 12 | Service concession arrangements   |

4.3 Following standards and amendments to published accounting standards will be effective in future periods and have not been early adopted by the Bank.

Effective date (annual reporting periods beginning on or after)

| IAS 1   | Non current liabilities with covenants (Amendments) | January 1, 2024 |
|---------|---|-----------------|
| IAS 7   | Statement of Cash Flows (Amendments)                | January 1, 2024 |
| IFRS 7  | Financial Instruments: Disclosures (Amendments)     | January 1, 2024 |
| IFRS 16 | Sale and lease back (Amendments)                    | January 1, 2024 |
| IAS 21  | Lack of exchangeability (Amendments)                | January 1, 2025 |
| IFRS 17 | Insurance Contracts                                 | January 1, 2026 |

The management does not anticipate early adoption of above standards and amendments and is currently evaluating the impact of adopting these standards.

Shottel.

### 5 CRITICAL ACCOUNTING ESTIMATES AND JUDGMENTS

The preparation of financial statements in conformity with approved accounting standards, as applicable in Pakistan, requires management to make judgments / estimates and associated assumptions that affect the application of policies and reported amounts of assets and liabilities, income and expenses. These judgments / estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances, the result of which form the basis of making the estimates about carrying value of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimates are revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods. Information about significant areas of estimation, uncertainty and critical judgments in applying accounting policies that have significant effect on the amounts recognized in the financial statements are discussed in following paragraphs:

- (a) Classification and valuation of investments (notes 7.4, 11 and 21);
- (b) Expected credit losses on advances (notes 7.1, 12, 39.2.1, 39.2.2, 39.2.3 and 39.2.4)
- (c) Accounting for employees defined benefit plan (notes 7.10.3 and 14.5);
- (d) lease liability and related right-of-use assets under IFRS 16 (notes 7.6.1, 7.7, 13.4, 19.3 and 19.4)
- (e) depreciation / amortisation of fixed assets and intangible assets (notes 7.6.1, 7.6.3, 13.2, 13.3 and 28);
- (f) Contingent assets and liabilities, provisions against off balance sheet obligations (note 23)
- (g) Assumption and estimation in recognition of provision for taxation (current and prior years) and deferred taxation (notes 7.8, 15 and 30);

### 6 BASIS OF MEASUREMENT

### 6.1 Accounting convention

These financial statements have been prepared under the historical cost convention except for the following:

- (a) obligation in respect of staff retirement benefit has been carried at present value of defined benefit obligation in accordance with the requirements of IAS 19;
- (b) certain advances disbursed at lower than market rate have been carried at fair value in accordance with the requirements of IFRS 9;
- (c) Advances to employees disbursed at interest free or lower than market rate have been carried at fair value in accordance with the requirements of IFRS 9;
- (d) Certain borrowings obtained at lower than market rate have been carried at fair value in accordance with the requirements of IFRS 9;
- (e) Certain investments classified as FVOCI and FVPL are carried at fair value in accordance with the requirements of IFRS 9;
- (f) Lease liability and related right-of-use assets which have been carried at their present value in accordance with the requirements of IFRS 16;
- (g) Grant receivable which has been carried at their present value in accordance with the requirements of IFRS -

JA7750.

# 6.2 Functional and presentation currency

These financial statements are presented in Pakistan Rupees (Rupees), which is the Bank's functional currency. All financial information presented has been rounded to the nearest of Rupees, unless otherwise stated.

### 7 MATERIAL ACCOUNTING POLICIES

The material accounting policies followed in preparation of these financial statements are set out below:

### 7.1 Financial assets and financial liabilities

Financial assets and financial liabilities are recognised when the entity becomes party to the contractual provisions of the instrument. Regular way purchases and sales of financial assets are recognised on trade date, the date on which the Bank commits to purchase or sell the asset.

# Financial instruments - initial recognition

All financial assets are initially recognised on the trade date, i.e. the date at which the Bank becomes a party to the contractual provisions of the instruments. This includes purchases or sale of financial assets that require delivery of asset within the time frame generally established by regulations in market conventions.

All financial assets and financial liabilities are measured initially at their fair value plus transaction costs, except in the case of financial assets and financial liabilities recorded at fair value through profit or loss where transaction cost is taken directly to the profit and loss account

### 7.1.1 CLASSIFICATION AND MEASUREMENT

IFRS 9 contains three principal classification categories for financial assets: measured at amortized cost, fair value through other comprehensive income ("FVOC!") and fair value through profit and loss ("FVTPL"). This classification is generally based on the business model in which a financial asset is managed and is based on its contractual cash flows.

### Financial assets

IFRS has different requirements for debt or equity financial assets. Debt instruments are classified and measured either at:

- Amortized cost, where the effective interest rate method will apply;
- Fair value through other comprehensive income, with subsequent recycling to the statement of profit or loss upon disposal of the financial asset; or
- Fair value through profit or loss.

Equity instruments, other than those to which consolidation or equity accounting apply, are classified and measured either at:

- Fair value through profit or loss; or
- Fair value through other comprehensive income, with no subsequent recycling to the statement of profit or loss upon disposal of the financial asset (if the instrument by instrument option is to classify at fair value through other comprehensive income is elected).

When classifying a financial asset (other than derivatives and equity instruments), IFRS requires that the contractual cash flows test is performed, commonly referred to as the solely payments of principal and interest test ("SPPI") test. If an irristrument fails the SPPI test, it is classified as Fair Value through profit or loss. When an instrument passes the SPPI test, it undergoes the business model test, on a portfolio level.

| Business model           | Classification basis  |
|--------------------------|---|
| Hold to collect          | Portfolio accounted at amortized cost   |
| Hold to collect and sell | Portfolio accounted at fair value through other comprehensive income with recycling |
| Others                   | Portfolio accounted at fair value through profit or loss                            |

All instruments held for trading are classified as Fair value through profit or loss.

Equity instruments are by default classified as fair value through profit or loss, however, the Bank has an irrevocable choice on an instrument by instrument basis, to elect that the fair value changes on the equity investment are accounted for through other comprehensive income. Upon disposal of the investment, the gain or loss on disposal is recognized in equity. Dividends received are recognized in the profit and loss account. The following table summarizes the two-stage approach for financial assets classification on their initial recognition.

| At initial recognition |   | Contractual cash flow characteristics test                                  |   |  |  |
|------------------------|---|---|---|--|--|
|                        |   | Pass  | Fail  |  |  |
| del                    | Held within a business model whose objective is to hold financial assets in order to collect contractual cash flows             | Amortized cost  | Fair value through profit or loss (FVTPL)                               |  |  |
| 3usiness mod           | Held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets | Fair value through other comprehensive income (FVOCI) with recycling (debt) | Fair value through profit or loss (FVTPL)                               |  |  |
|                        | Financial assets which are neither held at amortized nor at fair value through other comprehensive income                       | Fair value through profit or loss (FVTPL)                                   | Fair value through profit or loss (FVTPL)                               |  |  |
| ns                     | Conditional fair value option is elected  | Fair value through profit or loss (FVTPL)                                   | Fair value through profit or loss (FVTPL)                               |  |  |
| Options                | Option elected to present changes in fair value of an equity instrument not held for trading in OCI                             | N/A   | Fair value through other comprehensive income (FVOCI) without recycling |  |  |

### Financial liabilities

All financial liabilities are carried at amortized cost (i.e. loan payables) and are subsequently accounted in accordance with the effective interest rate method.

# Recognition and measurement

The Bank recognizes a financial asset or a financial liability in its financial statements when and only when it becomes a party to the contractual provisions of the instrument.

# Initial measurement of financial assets and financial liabilities

### Financial assets and liabilities not measured at fair value through profit or loss

When a financial asset or financial liability is recognized initially, the Bank measures it at its fair value plus or minus, transaction costs that are directly attributable to the acquisition or issue of the financial asset or financial liability. Examples of transaction costs include fees and commissions paid to agents such as broker commissions and stamp duty.

## Financial assets and liabilities at fair value through profit or loss.

Financial asset or financial liability are measured at initial recognition at the fair value excluding transaction costs. Transaction costs for this class of financial instrument are recognized directly in the profit and loss account.

D3720.

### Subsequent measurement of financial assets

Financial assets can be categorized into the following categories:

- i. Amortized cost (expected credit losses need to be provided);
- ii. Fair value through other comprehensive income with recycling (expected credit losses need to be provided);
- Fair value through other comprehensive income without recycling (for equity instruments for which the FVOCI
  option was elected)
- iv. Fair value through profit and loss.

The categorization of the instrument determines the manner of subsequent measurement.

#### 7.1.2 DERECOGNITION

### Financial assets

A financial asset is derecognized when, and only when:

- the contractual rights to the cash flows from the financial asset expire; or
- the entity transfers the financial asset and the transfer qualifies for derecognition (substantially all risks and rewards are transferred meaning that no control is retained).

### Financial liabilities

A financial liability (e.g. debt) is derecognized from the balance sheet when it is extinguished, that is when the obligation is discharged, cancelled or expired. This condition is met when the debtor either:

- Discharges the liability (or part of it) by paying the creditor, normally with cash, other financial assets, goods or services; or
- is legally released from primary responsibility for the liability (or part of it) either by process of law or by the creditor.

### 7.1.3 IMPAIRMENT REQUIREMENT FOR FINANCIAL ASSETS

### a) Impairment of financial assets:

The IFRS 9 replaced credit loss measurement method with an 'expected credit loss' model ("ECL"). The IFRS 9 requires the bank to record an allowance for ECLs for all financial assets not held at FVTPL. The allowance is based on the ECLs associated with the probability of default in the next twelve months unless there has been a significant increase in credit risk since origination.

The Bank assesses impairment of financial assets measured at amortized cost and FVOCI at the end of each reporting period. Measurement of expected losses reflects:

- A considered and unbiased, probability-weighted amount;
- The time value of money; and
- Reasonable and supportable information that is available without undue cost or effort and that reflects past events, current conditions and forecasts of future economic conditions.

IFRS 9 establishes two approaches for measuring impairment i.e. general and simplified. Under the general approach, impairment is generally measured as either 12 months ECL or lifetime ECL relevant for banks and financial institutions. The measurement basis depends on whether there has been a significant increase in credit risk of a financial instrument at the reporting date since its initial recognition. The Bank has identified basis of ECL computation for following stages:

- Stage 1: When loans are first recognized, the Bank recognizes an allowance based on 12 months ECLs. Stage 1 loans also include facilities where the credit risk has improved and the loan has been reclassified from Stage 2.
- Stage 2: When a loan has shown a significant increase in credit risk since origination, the Bank records an allowance for the Lifetime ECLs. Stage 2 loans also include facilities, where the credit risk has improved and the loan has been reclassified from Stage 3.
- Stage 3: Loans considered credit-impaired . The bank records an allowance for the lifetime ECL
- POCI: Purchased or originated credit impaired (POCI) assets are financial assets that are credit impaired on initial recognition. POCI assets are recorded at fair value at original recognition and interest income is subsequently recognized based on a credit-adjusted EIR. ECLs are only recognized or released to the extent that there is a subsequent change in the expected credit losses.

Sazzol.

### b) Staging of Advances

The staging guidelines applicable on the Bank has been adopted from State Bank of Pakistan (SBP) guidelines:

| General loans   | Classification         | Days due    | Stage allocation under IFRS 9 | Provision to be made        |  |
|-----------------|------------------------|-------------|-------------------------------|-----------------------------|--|
|                 | Performing             | 1 - 29      | Stage 1                       |                             |  |
|                 | Underperforming (OAEM) | 30 - 59     | Stage 2                       | As per IFRS 9 ECL modelling |  |
|                 | Non-performing         |             |                               |                             |  |
|                 | Substandard            | 60 - 89     | · ·                           | whichever is higher         |  |
|                 | Doubtful               | 90 - 179    | Stage 3 (a                    | (a) IFRS 9 ECL              |  |
|                 | Loss                   | 180 or more |                               | (b) PR's requirements       |  |
| Microenterprise | Classification         | Days due    | Stage allocation              | Provision to be made        |  |
| -               | Performing             | 1 - 89      | Stage 1                       | As per IFRS 9 ECL modelling |  |
|                 | Underperforming (OAEM) | 90 - 179    | Stage 2                       | As per IFRS 9 ECL modelling |  |
|                 | Non-performing         |             |                               |                             |  |
|                 | Substandard            | 180 - 364   |                               | whichever is higher         |  |
|                 | Doubtful               | 365 - 546   | Stage 3                       | (a) IFRS 9 ECL              |  |
|                 | Loss                   | 547 or more | 1                             | (b) PR's requirements       |  |

Staging as described above are alligned with the classification criteria as specified by SBP through it's circular dated March 16, 2022, SBP AC&MFD circular No. 02 of 2022

Advances are stated net of general and specific provision. The outstanding principal and mark-up of the loans and advances, payments against which are overdue for 30 days or more are classified as non-performing loans (NPLs). The unrealized interest / profit / markup / service charges on NPLs is suspended and credited to interest suspense account. Further the NPLs based on days passed due (DPD) are divided into following categories:

| Classification                             |               | DPD Criteria  |                          |
|--|---------------|---------------|--------------------------|
| Days passed due based classification (DPD) |               |               |                          |
|  | General loans | Housing loans | Microenterprise<br>loans |
| OAEM                                       | 30-59         | 90-179        | 90-179                   |
| Substandard                                | 60-89         | 180-364       | 180-364                  |
| Doubtful                                   | 90-179        | 365-729       | 365-729                  |
| Loss                                       | 180-209       | 730-1944      | 730-1944                 |
| Write off                                  | =>210         | =>1945        | =>1945                   |
| Markup Suspension percentage               |               |               |                          |
| OAEM                                       | 0%            | 0%            | 100%                     |
| Substandard                                | 100%          | 100%          | 100%                     |
| Doubtful                                   | 100%          | 100%          | 100%                     |
| Loss                                       | 100%          | 100%          | 100%                     |
| Write off                                  | 100%          | 100%          | 100%                     |

# c) Significant increase in credit risk

A financial asset is considered to have had a significant deterioration in its credit quality, when following factors exists:

i. Quantitative factor: 30 days or more past due for general loans and 90 days or more past due for microenterprise loans;

# Qualitative factors:

- ii. Restructuring/Rescheduling due to credit reasons;
- iii. Unavailable/inadequate financial information/financial statements;
- iv. Expectation of forbearance (restructuring/rescheduling) occurring;
- v. Qualified report by external auditors;
- vi. Significant contingent liabilities;
- vii. Pending litigation resulting in a detrimental impact;
- viii. Loss of key staff to the organization;
- ix. Increase in operational risk and higher occurrence of fraudulent activities;

DDDDD.

- x. Borrower is the subject of litigation by third parties that may have a significant impact on his financial position;
- xi. Frequent changes in senior management;
- xii. Intra-group transfer of funds without underlying transactions; and
- xiii. Deferment/delay in the date for commencement of commercial operations by more than one year.

  Transfer From Stage 2 to Stage 1: Where there is evidence that there is significant reduction in credit risk, the FIs would continue to monitor such financial instruments / credit exposures for a probationary period (as decided by the FIs) to confirm

continue to monitor such financial instruments / credit exposures for a probationary period (as decided by the FIs) to confirm if the risk of default has decreased sufficiently before upgrading such exposure from Lifetime ECL (Stage 2) to 12-months ECL (Stage 1).

## d) Key assumptions used in calculation of ECL:

Expected credit loss is a product of: Probability of default ("PD") x Loss given default ("LGD") x Exposure at default ("EAD")

### Probability of default:

Probability of default is a term ascribed to the likelihood of a default over a specified period that a borrower will not be able to repay the amount due.

Many models have been developed by statisticians to estimate probability of default for portfolios with varying default rates. These models take into account a number of factors such as debtor characteristics including third-party-credit-risk-ratings, days past due, past default rates, macroeconomic factors, and asset correlation to estimate future PDs associated with the financial exposures of an entity. Based on analysis performed on available data, flow rate migration matrix have been found most suitable for estimation of probability of default. Accordingly, the Bank has computed loss rates for its advances using flow rate by observing default behaviour over the period of 5 years as suggested by BASEL II.

The flow rates have been determined using month on month movement of number of borrowers from one bucket to another. In order to arrive at loss rate the product of average flow rates and LGD was taken.

#### Forward looking information:

IFRS 9 requires incorporating future economic conditions into the measurement of ECL that has been described in the notes to the financial statements in note 39.2.4

### Loss given default (LGD):

Loss given default is the loss expected to be suffered should the counterparty default and is set as a percentage. To estimate LGD, specific and accurate recovery data is to be made available. In the absence of this information, the Bank, in accordance with the application instructions issued by SBP vide Circular No. 03 dated July 5, 2022, has used LGD percentages of 35% for secured portfolio and 45% for unsecured portfolio.

# Exposure at default (EAD):

Exposure at default is the value of the contractual obligation that must be fulfilled by the obligor under the contract at the time of default. Therefore, EAD represents the amount of potential exposure that is at risk.

In case of advances, the EAD is to be calculated by amortizing loans over their tenures. The EAD is to be bifurcated into stage 1, stage 2 and stage 3 using low risk, significant increase in credit risk and default definitions. Further, the SBP guidelines require that loan rescheduled should be considered as an indicator of significant increase in credit risk. Therefore, the rescheduled portfolio has been classified in stage 2 or above.

# e) ECL on government guaranteed credit exposure

ECL on credit exposure (in local currency) that have been guaranteed by the Government of Pakistan and Government Securities, has not been estimated due to exemption available under IFRS instructions issued by SBP through circular no. 3 of 2022 dated July 05, 2022.

# f) Two track approach for stage 3 loans

As per instructions issued by SBP, the bank used two track approach for ECL assessment on stage 3 loans. As per this approach the bank calculated provision /ECL both under Prudential Regulations (PRs) issued by SBP for microfinance banks and IFRS 9 and higher amount has been taken and final ECL.

# g) Write - offs

Financial assets are written off either partially or in their entirety only when the Bank has no reasonable expectation of recovering a financial asset in its entirety or a portion thereof. If the amount to be written off is greater than the accumulated loss allowance, the difference is first treated as an addition to the allowance that is then applied against the gross carrying amount. Any subsequent recoveries are credited to credit loss expense. The Bank also follows Prudential regulations issued by SBP for write off of its advances. Under these PR loans are written off after 30 days from the date of loss categorization.

302761.

### 7.2 Cash and cash equivalents

Cash and cash equivalents comprise cash in hand, balances held with State Bank of Pakistan (SBP) and National Bank of Pakistan (NBP) and balances held with other banks / Non-Banking Financial Institutions (NBFIs) / Microfinance Banks (MFBs) and are carried at amortized cost.

# 7.3 Sale and repurchase agreements

Securities sold under repurchase agreement (repo) are retained in the financial statements as investments and a liability for consideration received is included in borrowings. Conversely, consideration for securities purchased under resale agreement (reverse repo) are included in lendings to financial institutions. The difference between sale and repurchase / purchase and resale price is recognized as mark-up / return expensed and earned respectively over the period of the transaction. Repo and reverse repo balances are reflected under borrowings from and lendings to financial institutions respectively.

### 7.4 Investments

All regular way purchases / sales of investments are recognised on the trade date, i.e., the date the Bank commits to purchase / sell the investments. Regular way purchases or sales of investments require delivery of securities within the time frame generally established by regulation or convention in the market place. All investments are derecognized when the right to receive economic benefits from the investments has expired or has been transferred or the Bank has transferred substantially all the risks and rewards of ownership.

The investments of the Bank, upon initial recognition, are classified as:

- Amortized cost, where the effective interest rate method will apply:
- Fair value through other comprehensive income, with subsequent recycling to the statement of profit or loss upon disposal of the financial asset; or
- Fair value through profit or loss.

Investments (other than fair value through profit or loss) are initially measured at fair value plus transaction costs associated with the investments. Investments held at fair value through profit or loss are initially measured at fair value and transaction costs are expensed out in the profit and loss account.

Subsequent recognition of investment in above-mentioned categories is as follows;

### Fair value through profit or loss

These represent securities acquired with the intention to trade by taking advantage of short-term market/ interest rate movements. After initial measurement, these are carried at fair value and surplus/ deficit arising on revaluation of these investments is taken to profit and loss account.

### Amortised cost

Investments with fixed maturity, where management has both the intent and the ability to hold till maturity, are classified at amortized cost. Subsequent to initial recognition at cost, these investments are measured at amortized cost, less provision for impairment in value, if any, and amortized cost is calculated taking into account effective interest rate method. Markup earned on investments held at amortised cost is recognized using effective interest rate and is taken into profit and loss account.

### Fair value through other comprehensive income

These are investments which do not fall under the fair value through profit or loss (FVTPL) and amortised cost categories. After initial measurement, such investments are measured at fair value. The surplus / (deficit) arising on revaluation is shown in the balance sheet below equity which is taken to the profit and loss account when actually realised upon disposal.

Premium or discount on securities classified as FVTOCI and amortised cost is amortised using effective interest method and taken to the profit and loss account.

Stitel.

### 7.5 Advances

Advances are measured at amortised cost; these are initially measured at fair value plus incremental direct cost net of loan processing fee received and subsequently at their amortised cost using the effective interest method.

# 7.6 Operating fixed assets

# 7.6.1 Property and equipment

#### Owned

Property and equipment are stated at cost less accumulated depreciation and accumulated impairment losses, if any. Cost includes expenditure that is directly attributable to the acquisition of the asset and the costs of dismantling and removing the items and restoring the site on which they are located, if any. Property and equipments are recognized when it is probable that future economic benefits associated with the item will flow to the Bank and the cost of the item can be measured reliably. Subsequent expenditure is capitalized only when it increases the future economic benefit embodied in the specific asset to which it relates. Carrying amount of the replaced component is derecognized. All other repair and maintenance are charged to profit and loss account.

Depreciation is charged on the straight line at rates specified in note 13.2 to the financial statements, so as to write off the cost of assets over their estimated useful lives. Full month's depreciation is charged in the month of acquisition while no depreciation is charged in the month of disposal.

Gains and losses arising on disposal of an item of property and equipment are determined by comparing the proceeds from disposal with the carrying amounts of fixed asset. Net gain is recognized within other income while net loss is recognized in administrative expenses in the profit and loss account.

### Right of use assets

The Bank recognizes right-of-use assets at the lease commencement date. Right-of-use assets are initially measured at an amount equal to initial lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred and an estimate of costs to be incurred to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located.

Right-of-use assets are subsequently stated at cost less any accumulated depreciation / accumulated impairment losses and are adjusted for any remeasurement of lease liability. The remeasurement of lease liability will only occur in cases where the terms of the lease are changed during the lease tenor.

Right-of-use assets are depreciated over their expected useful lives using the straight-line method as disclosed in note 13.4 to the financial statements. Depreciation on additions (new leases) is charged from the month in which the leases are entered into. No depreciation is charged in the month in which the leases mature or are terminated.

# 7.6.2 Capital work-in-progress

All expenditure connected with specific assets incurred during installation and development period are carried under capital work in progress. These are transferred to specific assets as and when these are available for intended use. Capital work in progress is stated at cost less accumulated impairment losses, if any.

### 7.6.3 Intangible assets

An intangible asset is recognized if it is probable that the future economic benefits that are attributable to the asset will flow to the Bank and that the cost of such asset can also be measured reliably. These are stated at cost less accumulated amortization and impairment losses, if any.

SAFFEL.

Intangible assets comprise of computer software and related applications. Intangible assets are amortized over their estimated useful lives at rate specified in note 13.3 to the financial statements. Subsequent expenditure is capitalized only when it increases the future economic benefit embodied in the specific asset to which it relates. All other expenditure is recognized in profit and loss account as incurred.

The residual value, useful life and amortisation method is reviewed and adjusted, if appropriate, at each reporting date.

# 7.6.4 Impairment of operating fixed assets

The carrying value of the operating fixed assets is reviewed at each reporting date to determine whether there is any indication of impairment. If such indication exists, the recoverable amount of the relevant asset is adjusted.

# 7.7 Lease liability

The lease liabilities are initially measured as the present value of the remaining lease payments, discounted using the interest rate implicit in lease (IRIL) or the Bank's incremental weighted average borrowing rate if IRIL is not available.

The lease payments include fixed payments (including in-substance fixed payments) less any lease incentives receivable, variable lease payments that depend on an index or a rate, and amounts expected to be paid under residual value guarantees. The lease payments also include the exercise price of a purchase option reasonably certain to be exercised by the Bank and payments of penalties for terminating a lease, if the lease term reflects the Bank exercising the option to terminate. The variable lease payments that do not depend on an index or a rate are recognized as expense in the period on which the event or condition that triggers the payment occurs.

The lease liability is subsequently measured at amortised cost using the effective interest rate method. The lease liability is also remeasured to reflect any reassessment or change in lease terms. These remeasurements of lease liabilities are recognised as adjustments to the carrying amount of related right-of-use assets after the date of initial recognition.

Each lease payment is allocated between a reduction of the liability and a finance cost as disclosed in note 19.3 to the financial statements. The finance cost is charged to the profit and loss account as Finance cost over the lease period so as to produce a constant periodic rate of interest on the remaining balance of the liability for each period.

# Short-term leases

The Bank applies the short-term lease recognition exemption to its short-term leases of property and equipment (i.e. those leases that have a lease term of 12 months or less from the commencement date and do not contain a purchase option). Lease payments on short-term leases are recognized as expense on a straight-line basis over the lease term.

# 7.8 Taxation

Income tax expense comprises of current and deferred tax. Income tax expense is recognized in the profit and loss account except to the extent that it relates to items recognized directly in equity or below equity / other comprehensive income in which case it is recognized in equity or below equity / other comprehensive income.

Management periodically evaluates positions taken in tax returns, with respect to situations in which applicable tax regulation is subject to legal interpretation and decisions of superior appellate fora, and accordingly establishes provisions, where appropriate, on the basis of amounts expected to be paid to the tax authorities. Instances where the Bank's view differs from the view taken by the income tax department at the assessment stage, the amounts are shown as contingent liabilities.

SA 3760.

#### Current tax

Current tax comprises the expected tax payable or refundable on the taxable income or loss for the year and any adjustment to the tax payable or refundable in respect of previous years. The amount of current tax payable or refundable is the best estimate of the tax amount expected to be paid or received that reflects uncertainty related to income taxes, if any. The charge for current taxation is based on taxable income at current rates of taxation enacted or substantially enacted at the reporting date, after taking into consideration available tax credits, rebates and tax losses, if any. Current tax assets and liabilities are offset if certain criteria are met.

#### Deferred tax

Deferred tax is recognised in respect of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and their tax base. A deferred tax asset is recognized only to the extent that it is probable that future taxable profits will be available against which the asset can be utilized. Deferred tax is not recognised for:

- temporary differences on initial recognition of assets or liabilities in a transaction that is not a business combination and that affects neither accounting nor taxable profit or loss;
- temporary differences related to investments in subsidiaries, associates and joint arrangements to the extent that the Bank is able to control the timing of the reversal of the temporary differences and it is probable that they will not reverse in the foreseeable future; and
- taxable temporary differences arising on the initial recognition of goodwill.

Deferred tax assets are recognised for unused tax losses, unused tax credits and deductible temporary differences to the extent it is probable that future taxable profits will be available against which they can be used. Future taxable profits are determined based on business plans for the Bank and the reversal of temporary differences. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realized; such reductions are reversed when the probability of future taxable profits improves. Unrecognized deferred tax assets are reassessed at each reporting date and recognised to the extent that it has become probable that future taxable profits will be available against which they can be used.

Deferred tax assets and liabilities are calculated at the rate that are expected to apply for the period when the asset is realized or the liability is settled, based on the tax rates (and tax laws) that have been enacted or substantially enacted till the balance sheet date. Deferred tax, on revaluation of investments, if any, is recognized as an adjustment to surplus / (deficit) arising on such revaluation. Deferred tax assets and liabilities are offset if certain criteria are met.

# Group taxation

The Bank is taxed as a one fiscal unit along with the Parent Company and its other wholly owned subsidiaries under section 59AA to the Income Tax Ordinance, 2001. Current and deferred income taxes are recognised by each entity within the Group in their respective profit and loss account, regardless of who has the legal rights or obligation for the recovery or payment of tax from or to the tax authorities. However, tax liability / receivable is shown by the Parent Company, on submission of annual tax return, who has the legal obligation to pay or right of recovery of tax from the taxation authorities. Balances between the group entities on account of group tax is shown as other receivable / liability by the respective group entities.

# 7.9 Deposits, borrowings and subordinated debt

Deposits, borrowings and subordinated debt represents sources of funding of the Bank. Deposits, debt securities in issue and subordinated liabilities are initially measured at fair value minus incremental direct transaction costs. Subsequently, they are measured at their amortised cost using the effective interest method, except where the Bank designates liabilities at FVTPL.

Sattle.

# 7.10 Employee benefits

# 7.10.1 Short-term employee benefits

Short-term employee benefits are expensed as the related service is provided. A liability is recognised for the amount expected to be paid if the Bank has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee and the obligation can be estimated reliably.

# 7.10.2 Defined contribution plan - provident fund

The Bank operates a defined contribution provident fund scheme for permanent employees. Equal contributions to the fund are made monthly by the Bank and employees at an agreed rate of salary (8% of the basic salary of the employee), the fund is managed by its Board of Trustees. The contribution of Bank is charged to profit and loss account.

# 7.10.3 Staff retirement benefit - gratuity

The Bank operates approved defined benefit plan comprising funded gratuity scheme covering all eligible employees completing the minimum qualifying period of service (three years) as specified by the scheme.

The cost of providing benefits under the plan is determined using the projected unit credit actuarial valuation method. Estimate is made on the basis of expected period of service of employees, expected increase in salary, discount rate and other demographic assumptions. Six or more months of service is counted as one full year. Qualifying service period is three years. Gratuity is paid to employee upon leaving the bank's service and is calculated on basis of last drawn gross salary multiplied with numbers of years of service with the bank.

Remeasurements of the net defined benefit liability, which comprise actuarial gains and losses are recognised immediately in other comprehensive income. The Bank determines the net interest expense on the net defined benefit liability for the year by applying the discount rate used to measure the defined benefit liability at the beginning of the annual period to the then-net defined benefit liability, taking into account any changes in the net defined benefit liability during the year as a result of contributions and benefit payments. Net interest expense and other expenses related to defined benefit plan are recognised in profit and loss account.

When the benefits of a plan are changed or when a plan is curtailed, the resulting change in benefit that relates to past service or the gain or loss on curtailment is recognised immediately in profit and loss account. The Bank recognises gains and losses on the settlement of a defined benefit plan when the settlement occurs.

# 7.11 Reserves

# 7.11.1 Statutory reserve

In compliance with the Regulations, the Bank is required to maintain a statutory reserve to which an appropriation equivalent to 20% of the profit after tax is to be made till such time the reserve fund equals the paid up capital of the Bank. Thereafter, the contribution is to be reduced to 5% of the annual profit after tax.

### 7.11.2 Depositors' protection fund (DPF)

The Bank is required under the Microfinance Institutions Ordinance, 2001 to contribute 5% of annual after tax profit to DPF. Further, profits earned on investments of the fund are credited to DPF for the purpose of providing security or guarantee to specified persons for depositing money in the bank.

303726.

### 7.11.3 Cash reserve

In compliance with the related regulatory requirements, the Bank is required to maintain a cash reserve equivalent to not less than 5% of its deposits (including demand deposits and time deposits with tenor of less than 1 year) in a current account opened with the State Bank or its agent.

# 7.11.4 Statutory liquidity requirement

In compliance with the related regulatory requirements, the Bank is required to maintain liquidity equivalent to at least 10% of its total demand and time liabilities with tenor of less than one year in form of liquid assets i.e. cash, gold, unencumbered treasury bills, Pakistan Investment Bonds and Government of Pakistan sukuk bonds. Treasury bills and Pakistan Investment Bonds held under depositor protection fund are excluded for the purpose of determining liquidity.

### 7.12 Grants

Grants that compensate the Bank for the cost of an asset are initially recognized in the balance sheet as deferred income when grant is received or there is reasonable assurance that it will be received and that the Bank will comply with the conditions attached to it and are charged to the profit and loss account as other operating income on a systematic basis over the useful life of the asset. Grants that compensate the Bank for expenses are initially recognized as deferred income or receivable, depending upon the nature of grant arrangement and are recognized as income in the profit and loss account on a systematic basis in the same period in which the related expenses are incurred.

# 7.13 Provisions

A provision is recognized when, and only when, the Bank has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation. Provisions are determined by discounting the expected future cash flows at a pre-tax discount rate that reflects current market assessment of time value of money and risk specific to the liability. The unwinding of discount is recognised as interest expense.

# 7.14 Revenue recognition

# 7.14.1 Mark up / Return / Interest earned on advances

### i Effective interest rate

Mark up income is recognised in profit and loss using the effective interest method. The 'effective interest rate' is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to the gross carrying amount of the financial asset.

When calculating the effective interest rate for financial assets other than purchased or originated creditimpaired assets, the Bank estimates future cash flows considering all contractual terms of the financial instrument, but not ECL.

### ii Calculation of interest income

The effective interest rate of a financial asset is calculated on initial recognition of a financial asset. In calculating interest income, the effective interest rate is applied to the gross carrying amount of the asset (when the asset is not credit impaired). The effective interest rate is revised as a result of periodic reestimation of cash flows of floating-rate instruments to reflect movements in market rates of interest.

9xx750.

### 7.14.2 Income from investments

Income on investments is recognized on accrual basis or the effective interest rate method where applicable. Where debt securities are purchased at premium or discount, those premiums / discounts are made part of FIR of investments.

### 7.14.3 Fee, commission and brokerage income

Fee, commission and brokerage income, other than loan processing fee and participating fee are recognized as services are performed. Loan processing fee and participating fee are made part of the related financial instrument and recognised over the period of the asset through effective interest rate.

# 7.14.4 Income on inter bank deposits

Income from interbank deposits in saving accounts are recognized in the profit and loss account using the effective interest method.

### 7.14.5 Dividend Income

Dividend income is recognized when the Bank's right to receive the dividend is established.

### 7.15 Borrowing costs

Borrowing costs are recognized as an expense in the period in which they are incurred except where such costs relate to the acquisition, construction or production of a qualifying asset in which case such costs are capitalized as part of the cost of that asset.

### 7.16 Off-setting

Financial assets and financial liabilities and tax assets and tax liabilities are only off-set and the net amount is reported in the financial statements when there is a legally enforceable right to set off the recognized amount and the Bank intends either to settle on net basis or to realize the assets and to settle the liabilities simultaneously. Income and expense Items of such assets and liabilities are also off-set and the net amount is reported in the financial statements.

# 7.17 Foreign currency transactions and translation

Transactions in foreign currencies are translated into Pak Rupee at exchange rate on the date of transaction. All monetary assets and liabilities in foreign currencies are translated into Pak Rupee at the rate of exchange approximating those ruling at the balance sheet date. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation at the year end exchange rates of monetary assets and liabilities denominated in foreign currencies are recognized in profit and loss account.

# 7.18 Earnings per share

The Bank presents earnings per share (EPS) for its ordinary shares which is calculated by dividing the profit or loss attributable to ordinary shareholders of the Bank by weighted average number of ordinary shares outstanding during the year. Diluted EPS is determined by adjusting the profit or loss attributable to ordinary shareholders and the weighted average number of ordinary shares outstanding for the effect of all dilutive potential ordinary shares.

VX 2768.

# 7.19 Share capital and dividend

Ordinary shares are classified as equity and recognised at their face value. Dividend distribution to the shareholders is recognised as liability in the period in which it is declared.

### 7.20 Fair value measurement

'Fair value' is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date in the principal or, in its absence, the most advantageous market to which the Bank has access at that date. The fair value of a liability reflects its non-performance risk.

A number of the Bank's accounting policies and disclosures require the measurement of fair values, for both financial and non-financial assets and liabilities.

When one is available, the Bank measures the fair value of an instrument using the quoted price in an active market for that instrument. A market is regarded as active if transactions for the asset or liability take place with sufficient frequency and volume to provide pricing information on an ongoing basis.

If there is no quoted price in an active market, then the Bank uses valuation techniques that maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The chosen valuation technique incorporates all of the factors that market participants would take into account in pricing a transaction.

If an asset or a liability measured at fair value has a bid price and an ask price, then the Bank measures assets and long positions at a bid price and liabilities and short positions at an ask price.

The best evidence of the fair value of a financial instrument on initial recognition is normally the transaction price — i.e. the fair value of the consideration given or received. If the Bank determines that the fair value on initial recognition differs from the transaction price and the fair value is evidenced neither by a quoted price in an active market for an identical asset or liability nor based on a valuation technique for which any unobservable inputs are judged to be insignificant in relation to the measurement, then the financial instrument is initially measured at fair value, adjusted to defer the difference between the fair value on initial, recognition and the transaction price. Subsequently, that difference is recognised in profit and lo+B79ss on an appropriate basis over the life of the instrument but no later than when the valuation is wholly supported by observable market data or the transaction is closed out.

- 11.1 The Pakistan Investment Bonds (PIBs) carry mark up at the rate of 9% to 23.39% per annum (2022: 9% to 17.67% per annum) and are due to mature from December 2023 to November 2027. This includes PIBs with face value of Rs 20,733 million pledged against borrowings from Askari Bank Limited and Bank Alfalah Limited.
- 11.2 This represents investments in open ended mutual funds and are measured at fair value through profit or loss. Fair value of these investments is determined using quoted repurchase price.
- 11.3 This represents market treasury bills (T-Bills) carrying interest rate ranging from 21.10% to 21.50% per annum (2022: 15.55% to 16.95% per annum) and maturities ranging from 25 to 360 days (2022: 36 to 97 days).
- 11.4 Ijarah Sukuk carries mark up at the rate of 16.43% to 21.84% per annum (2022: 16.45% to 19.30% per annum) and are due to mature from December 2024 to December 2025. This includes sukuks with face value of Rs 800 million pledged against borrowing from Meezan Bank.
- 11.5 This represents investment in Term finance Certificates (TFCs) / private sukuks which carries mark up at the rate of 18.35% to 24.02% per annum (2022: 10.50% to 16% per annum). Included therein is an amount of Rs. 225 million representing the bank's subscription of TFCs issued by Khushali Bank limited (KBL) which carry markup at the rate of 6 months KIBOR + 4%. During the year, as a result of stated default event, the investment has been reported to have been converted into common equity shares of KBL as per the terms of the agreement. The management of Bank is not in agreement with the contention of KBL and is evaluating legal options to this effect. However, as a matter of prudence, the management has suspended the markup recognition on said investment and also recognized a revaluation loss of Rs 125 million on the subscription amount by carrying the above investment on breakup value of shares of KBL, as per the latest financial information of KBL available with the management of the Bank.

Although the analysis does not take into account full distribution of cash flows expected under the plan, it does provide an approximation of the sensitivity of the assumptions shown.

| Expected defined benefit cost to be recognized in profit or loss account | For the year December 31, 2024 |
|--|--------------------------------|
| Current service cost   | 119,316,747                    |
| Net interest cost  | (1,246,973)                    |
| Expected contributions to gratuity fund                                  | 118,069,774                    |

### Risks associated with defined benefit asset - gratuity

### Final Salary Risk (linked to Inflation risk)

The risk that the final salary at the time of cessation of service is greater than what was assumed. Since the benefit is calculated on the final salary (which will closely reflect inflation and other macroeconomic factors), the benefit amount increases as salary increases.

### Salary Increase Risk

### · Mortality risk

The risk that the actual mortality experience is different than the assumed mortality. This effect is more proncured in schemes where the age and service distribution is on the higher side.

### · Withdrawal Risk

The risk of actual withdrawals experience is different from the assumed withdrawal probability. The significance of the withdrawal risk varies with the age, service and the entitled benefits of the beneficiary.

22

- 23.1.1 A super tax at rates ranging from 1% to 4% of taxable income was imposed through the Finance Act, 2022 for Tax Year 2022 and onwards through promolgation of section 4C in the Income Tax Ordinance, 2001. The Parent Company of the Bank along with other petitioners has successfully challenged this levy before the Sindh High Court who held through its Order dated December 22, 2022 that the said tax was to apply effective Tax Year 2023. However, the honourable Court suspended its judgment for 60 days as per the procedure given in the Code of Civil Procedure, in order for FBR to take up the matter before the Supreme Court. Keeping in view the Court's judgment in the petitioner's favour, no provision has been recorded in these accounts for super tax for Tax Year 2022 as management is confident for a favorable outcome upon the conclusion of the proceedings.
- 23.1.2 The income tax assessment for the tax year 2015 was amended through its order dated June 21, 2021 by the Additional Commissioner Inland Revenue (ADCIR) by making certain disallowances and add backs including, provision for staff gratuity, interest free loans, bad debts written off etc. and reduced the tax loss and refundable to Rs 108.91 million and Rs 5.79 million respectively. The Bank filed appeal against the order of ADCIR before CIR (A) who vide order dated January 26, 2022, gave relief on bad debts, remanded the issue on account of interest free loans to ADCIR for reassessment and confirmed the remaining order. The Bank has preferred appeal against the decision of CIR (A) before the Appellate Tribunal Inland Revenue (ATIR) which is pending for adjucation.

St. 2752.

- 23.1.3 The income tax assessment for the tax year 2016 was amended through its order dated June 25, 2021 by the Additional Commissioner Inland Revenue (ADCIR) by making certain disallowances and add backs including, provision for staff gratuity, interest free loans, bad debts written off, tax on capital gain etc. and reduced the tax loss and created a demand of Rs 5.43 million respectively. The Bank filed appeal against the order of ADCIR before CIR (A) who vide order dated January 26, 2022, gave relief on bad debts and provision for gratuity, remanded the issue on account of interest free loans to ADCIR for reassessment and confirmed the issue of tax on capital gain. The Bank paid the demand raised and also has preferred appeal on the matters remanded back by CIR (A) before the ATIR which is pending for adjucation.
- 23.1.4 The income tax assessment for the tax year 2017 was amended through its order dated December 29, 2021 by the Additional Commissioner Inland Revenue (ADCIR) by making add back relating to including, provision for staff gratuity, interest free loans, bad debts written off, software license fee etc. and increasing the taxable income to Rs 64.96 million. However, no additional demand was created. The Bank filed appeal against the order of ADCIR before CIR (A) who vide order dated March 18, 2022, gave relief on bad debts and provision for gratuity, remanded the issue on account of interest free loans and software license fee to ADCIR for reassessment. The Bank has preferred appeal on the matters remanded back by CIR (A) before the ATIR which is pending to be heard.
- 23.1.5 The income tax assessment for the tax year 2019 was amended through its order dated October 9, 2023 by making certain disallowances with respect to provision for gratuity and adjustment of Alternate Corporate Tax (ACT) u/s 113C and minimum tax u/s 113 were not allowed. Further, tax deducted at source was not allowed in full on the premise of not appearing in ITMS system. A demand of Rs 105.98 million was created as a result of additional disallowances. The Bank filed appeal against the order before CIR (A) who confirmed the disallowance of adjustments of 113 and 113C and remanded back the issue of tax credits and provision for gratuity. The Bank intends to file an appeal before the ATIR against the order of CIR (A).
- 23.1.6 The Sindh Revenue Board (SRB) has passed an order dated December 8, 2022 requiring the Bank to deposit Sindh sales tax amounting to Rs 9.70 million along with penalty and default surcharge on account of non-payment of withholding Sindh sales tax and adjustment of inadmissible input tax during the period from January 2017 to December 2017. The Bank has filed an appeal before Commissioner Inland Revenue Appeals (CIR-A), which is pending for adjucation.
- 23.1.7 The Sindh Revenue Board (SRB) has passed orders dated June 2, 2020 and March 12, 2021 requiring the Bank to deposit Sindh sales tax amounting to Rs 10.23 million and Rs 5.19 million retrospectively along with penalty and default surcharge on account of short payment of sales tax during the tax year 2015 (January 2014 to December 2014) and 2018 (January 2017 to December 2017) respectively. The Bank has filed an appeal before Commissioner Inland Revenue Appeals (CIR-A), which is pending for adjucation.
- 23.1.8 The Punjab Revenue Authority (PRA) has passed an order dated February 24, 2020 requiring the Bank to deposit Punjab sales tax amounting to Rs 7.89 million along with penalty and default surcharge on account of adjustment of inadmissible input tax for the tax years 2013, 2014, 2015 and 2018. The Bank filed an appeal before Commissioner Inland Revenue Appeals (CIR-A), who decided the matter in favour of PRA vide order dated November 28, 2023. The Bank has filed an appeal against the decision of CIR-A before the ATIR which is pending for adjucation.
- 23.1.9 The Purijab Revenue Authority (PRA) has passed an order dated May 2, 2019 requiring the Bank to deposit Punjab sales tax amounting to Rs 10.06 million along with penalty and default surcharge on account of adjustment of inadmissible input tax for the tax years 2016 and 2017. The Bank has filed an appeal before Commissioner Inland Revenue Appeals (CIR-A), which decided the matter in favour of PRA in order dated November 25, 2019. The said order was received by the Bank on July 2, 2020 making the order-in-appeal time barred as per the time limit prescribed in Punjab Sales Tax (PST) Act. Being aggravated, the Bank has filed an appeal against the decision of CIR-A before the ATIR who has decided the matter in favour of PRA. The Bank has filed an appeal against the decision of ATIR before the Punjab High Court which is pending for adjuration

The management, based on the opinion of its legal counsels, is confident that the above mentioned matters are most likely to be decided in favour of the Bank at superior appellate forums and further charge is not required to be recognized and carried in these matters in the financial statements and incase of any adverse decision the financial impact thereof shall not be sugnificant for the Bank.

#### 37 FAIR VALUE MEASUREMENT

The fair value of traded investments is based on quoted market prices, except for securities classified by the Bank as 'amortized cost'. Securities classified as held to maturity are carried at their carrying value less any expected credit loss. Fair value of unquoted equity investments is determined on the basis of break up value of these investments as per the latest available audited financial statements.

Fair value of fixed term loans, other assets, other liabilities, fixed term deposits and borrowings cannot be calculated with sufficient reliability due to the absence of current and active market for such assets and liabilities and reliable data regarding market rates for similar instruments.

Fair value of remaining financial assets and liabilities except fixed term loans, staff loans, non-performing advances and fixed term deposits is not significantly different from the carrying amounts since assets and liabilities are either short term in nature or are frequently repriced in the case of customer loans and deposits.

### 37.1 Fair value of financial assets

The Bank measures fair values using the following fair value hierarchy that reflects the significance of the inputs used in making the measurements:

- Level 1: Fair value measurements using quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2: Fair value measurements using inputs other than quoted prices included within Level 1 that are observable for the assets or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- Level 3: Fair value measurements using input for the asset or liability that are not based on observable market data (i.e. unobservable inputs).

#### Financial instruments in level 1:

Financial instruments in level 1 compromise of investment in Mutual Funds and Term Finance Certificates listed at Pakistan Stock Exchange (PSX)

#### Financial instruments in level 2:

Financial instruments included in level 2 comprise of investment in Market Treasury Bills (MTBs), Pakistan Investment Bonds (PIBs), Ijarah Sukuks and Term Finance Certificates / Private Sukuks not listed at PSX

### Financial instruments in level 3:

Financial instruments included in level 3 compromise of investment in Term Finance Certificates of Khushali Bank Limits (KBL)

The Bank's policy is to recognize transfers into and out of the different fair value hierarchy levels at the date the event or change in circumstances that caused such transfer takes place. There were no transfers between levels 1 and 2 during the year.

The table below analyses the financial and non-financial assets carried at fair values, by valuation methods. Valuation of investments is carried out as per guidelines specified by the SBP.

|  | Fair Value     | Level 1       | Level 2        | Level 3     |

For financial assets and liabilities not measured at fair value, the Bank has not disclosed the fair values for these financial assets and financial liabilities because their carrying amounts are a reasonable approximation of fair value.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Consequently, differences can arise between carrying values and fair value estimates.

# Valuation techniques and inputs used in determination of fair values

| Financial Instrument                          | Valuation techniques and inputs used   |
|---|--|
| Pakistan Investment bonds /<br>Ijarah Sukuks  | The fair value of Pakistan Investment Bonds are derived using PKRV rates. The PKRV rates are announced by FMA (Financial Market Association) through Reuters. The rates announced are simple average of quotes received from eight different predefined/ approved dealers / brokers. |
| Market Treasury bills (T-bills)               | The fair value of T-bills are derived using PKRV rates. The PKRV rates are announced by FMA (Financial Market Association) through Reuters.  |
| Term finance certificates /<br>Private sukuks | The valuation has been determined through the valuation of debt securities published by the MUFAP.   |
| Mutual Fund Units                             | The fair values of investments in units of mutual funds are determined based on their net asset values as published at the close of each business day.   |

#### 39 FINANCIAL RISK MANAGEMENT

### 39.1 Interest / mark-up rate risk

Interest rate risk is the risk that the value of the financial instrument will fluctuate due to changes in the market interest rates. The Bank's interest rate exposure is low due to the short-term nature of the majority of business transactions. Interest rate risk is also controlled through flexible credit pricing mechanism and variable deposit rates. Optimization of yield is achieved through the Bank's investment strategy which aims on attaining a balance between yield and liquidity under the strategic guidance of Assets and Liability Committee of Management (ALCO).

#### 39.2 Credit risk

Credit risk is the risk that one party to a financial instrument will fail to discharge an obligation and cause the other party to incur a financial loss. The Bank's credit risk is primarily attributable to its advances and balances at banks. The credit risk on liquid funds is limited because the counter parties are banks with reasonably high credit ratings. The Bank has an effective loan disbursement and recovery monitoring system which allows it to evaluate borrowers' credit worthiness and identify potential problem loans. A provision for loan losses is maintained as required by the Prudential Regulations. Investments are mainly in government securities or other securities having good credit rating.

Maximum amount of financial assets which are subject to credit risk is as follows.

### 39.2.1 Definition of default and cure

The Bank considers a financial instrument defaulted and therefore Stage 3 (credit-impaired) for ECL calculations in all cases of its advances to customers when the borrower becomes days past due on its contractual payments as per the criteria mentioned in prudential regulation and application instructions related to IFRS 9 adoption issued by SBP for microfinance banks. The Bank considers treasury and interbank balances defaulted and takes immediate action when the required intraday payments are not settled by the close of business as outlined in the individual agreements.

As a part of a qualitative assessment of whether a customer is in default, the Bank also considers a variety of instances that may indicate unlikeliness to pay. When such events occur, the Bank carefully considers whether the event should result in treating the customer as defaulted and therefore assessed as Stage 3 for ECL calculations or whether Stage 2 is appropriate. Such events include:

- A material decrease in the underlying collateral value where the recovery of the loan is expected from the sale of the collateral
- A covenant breach not waived by the Bank
- The borrower is unable to pay due to any other reason

SAFFER.

It is the Bank's policy to consider a financial instrument as 'cured' and therefore re-classified out of Stage 3 when none of the default criteria have been present and compliance with SBP's implementation instructions for IFRS - 09 has been complied with. The decision whether to classify an asset as Stage 2 or Stage 1 once cured depends on the updated delinquency, at the time of the cure, and whether this indicates there has been a significant increase in credit risk compared to initial recognition and further, this portfolio is monitored for probationary period before upgrading to Stage 1. However, no financial assets is directly classified from stage 3 to stage 1.

#### 39.2.2 PD estimation process

#### Consumer lending

The banks entire loans and advances portfolio consist of consumer lending. Consumer lending comprises agriculture, livestock, enterprise, gold and housing loans. The Bank does not have credit score card model for consumer landings, therefore, the Bank used delinquency (day past due) based model for estimation of PDs. Average monthly transitions to default of relevant delinquency states were converted into current 12 months point in time PDs using statistical models. The lifetime PD is developed by applying a maturity profile to the current 12 months PD. Data from January 1, 2018 till date has been used for PD estimations.

#### Bank balances

For bank balances and terms deposits, the Bank's credit risk department analyses publicly available information such as financial information and other external data, e.g., the rating of good rating agency. PDs of external ratings are sourced from studies of credit agencies such as PACRA and VIS.

# 39.2.3 LGD estimation process

The Bank used LGD percentages prescribed under Basel Foundation – Internal Rating Based (F-IRB) approach to determine ECL under BSD Circular No. 08 dated June 27, 2006 issued by SBP.

## 39.2.4 Forward looking information

IFRS 9 requires incorporating future economic conditions into the measurement of ECL. Future economic conditions are incorporated by adjusting estimates of PD to reflect expectations about the stage of economic cycle expected to be prevalent in the economy as-and-when default is expected to arise in the future. The macroeconomic factors were selected based on management judgement and analysis of historical default rates. GDP growth rate and CPI were considered to be the most suitable for the Bank's customers. The GDP and CPI forecast were sourced from International Monetary Fund (IMF) which were used to determine forward looking Point in time PDs (Pit PDs)

# 39.3 Market Risk

Market risk is the risk that the Bank's income or capital will fluctuate on account of changes in the value of a financial instrument because of movements in market factors such as interest rates, credit spreads, foreign exchange rates and market prices of equity.

The Bank is exposed to interest rate risk due to its investment in government and non government debt securities. To manage market risk a well-defined limits structure is in place which ensures that exposure in money market and equity market adheres with the risk tolerance levels and are in line with goals set by Board of Directors (BOD), Risk Management Committee of the Board (RMC) and ALCO.

St 2760.

# 39.4 Foreign Exchange Risk

Foreign exchange risk arises in case of an on balance sheet / off balance sheet asset or liability position when there is adverse exchange rate movement. The Bank's exposure to this category of market risk is negligible as the Bank has no foreign currency reserves and has minimal foreign currency transaction.

#### 39.5 Equity position risk

It is the risk to earnings or capital that results from adverse changes in the value / price of equity related portfolios. It is a risk to earnings or capital that results from adverse changes in the value of equity related portfolios of the Bank. Price risk associated with equities could be systematic or unsystematic. Systematic risk is due to sensitivity of portfolio's value to changes in overall level of equity prices, while unsystematic risk is associated with price volatility that is determined by the specific characteristics of the investee company.

The Bank's exposure to equity position risk is minimal with Bank's sole equity investment being the investment in money market mutual funds. The Maximum exposure to equity position risk to the Bank is as follows

|              | 2023                          | 2022           |

|              | <b>5,57</b> 0,318,6 <b>68</b> | 21,971,006,621 |

# 39.6 Liquidity risk

Liquidity risk is the risk that the Bank will not be able to raise funds to meet its current obligations as they become due or at an excessive cost. Liquidity risk arises from mismatches in the timing of cash flows. The Bank's Asset and Liability Committee (ALCO) is primarily responsible for the formulation of the overall strategy and oversight of the liquidity management.

The ALCO meets on a monthly basis or more frequently, if required. The Bank's approach to liquidity management is to ensure, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risking sustained damage to business franchises. A centralized approach is adopted, based on an integrated framework incorporating an assessment of all material known and expected cash flows and the availability of collateral which could be used to secure additional funding if required. The framework entails careful monitoring and control of the daily liquidity position, and regular liquidity stress testing under a variety of scenarios. These encompass both normal and stressed market conditions, including general market crises and the possibility that access to markets could be impacted by a stress event affecting some part of the Bank's business.

The maturity profile of assets and liabilities is prepared based on contractual maturities and non-contractual assets and liabilities.

### 41 RESTATEMENTS AND RECLASSIFICATIONS

- 41.1 The Bank chose to early adopt IFRS 9 "Financial Instruments" during the year 2022 and the impact thereof was disclosed and accounted for in the audited financial statements of the Bank for 2022. During the year, the State Bank of Pakistan (SBP) conducted a review of the Bank and directed the Board of the Bank to take certain corrective measures including aligning matters relating to implementation of IFRS 9, "Financial Instruments" with the related IFRS 9 implementation instructions issued by the SBP and adjust retrospectively the financial position as at December 31, 2022 and directed further that in case of shortfall in related statutory requirements, capital to be injected by sponsorsof the Bank. Accordingly, the bank has complied with the directions of SBP, by considering the IFRS-9 implementation instructions issued by SBP and specific communications in this respect of the Bank with SBP and has also obtained and amount of Rs 1,600 million on account of advance for issuance of shares from Pakistan Telecommunication Company Limited. Further, certain other errors were also identified in relation to prior years and significant amongst thereof include relating to right of use of assets along corresponding lease liability on buildings and recognition of markup income on loans and advances which have been adjusted retrospectively.
- 41.2 The following corresponding figures have been re-arranged and reclassified in current year for more appropriate presentation:

| From  | То  | Amount        |
|---|---|---------------|
| 2021  |   | Rupees        |
| Balance sheet   |   |               |
| Note 9: Balance with other banks - Local currency current accounts                    | Note 8: Balance with State Bank of Pakistan (SBP)                       | 1,839         |
| 2022  |   |               |
| Balance sheet   |   |               |

# 42 CAPITAL MANAGEMENT

The objective of managing capital is to safeguard the Bank's ability to continue as a going concern, so that it could continue to provide adequate returns and benefits to stakeholders by pricing products and services commensurately with the level of risk. It is the policy of the Bank to maintain a strong capital base so as to maintain investor, creditor and market confidence and to sustain future development of the business. The impact of the level of capital on shareholders' return is also recognised and the Bank recognises the need to maintain a balance between the higher returns that might be possible with greater gearing and the advantages and security afforded by a sound capital position.

The Bank's objectives when managing its capital are:

- a) To comply with the capital requirements set by the SBP;
- b) To safeguard the Bank's ability to continue as a going concern so that it can continue to provide returns for shareholders and benefits for other stakeholders; and
- c) To maintain a strong capital base to support the development of its business.

Capital requirements applicable to the Bank are set out under Microfinance Institutions Ordinance, 2001. These requirements are put in place to ensure sufficient solvency margins. The Bank manages its capital requirement by assessing its capital structure against required capital level on regular basis. The minimum paid up capital requirement applicable to the Bank is Rs 1,000 million whereas the paid up capital of the Bank as at December 31, 2023 is Rs 5,830 million (2022: Rs 3,912 million).

The Bank intends to maintain the required regulatory capital either through its risk management strategies or by increasing the capital in line with the business and capital needs.

# 43 GENERAL

- 43.1 Account captions, as prescribed by BSD Circular No. 11, dated December 30, 2003, in the context of which there are no amounts, have not been reproduced in these financial statements, except for the captions of the balance sheet and profit and loss account.
- 43.2 Figures in these financial statements have been rounded to the nearest Rupee, unless otherwise stated.

# 44 DATE OF APPROVAL

These financial statements were approved and authorised by the Board of Directors of the Bank in their meeting held on \_\_\_\_\_\_

#### U MICROFINANCE BANK LIMITED

#### FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2023

Financial results of the Islamic Microfinance Division, as referred to in note 2.2 of the financial statements

Notes to the Annexure II for the year ended December 31, 2023.

A.1 As at the year end, the Bank is operating 74 (2022: 30) Islamic branches. Islamic Microfinance Division (IMD) is operating a General pool and Special Pool to manage profit and loss distribution.

#### FEATURES OF GENERAL POOL

In this pool, savings and terms deposits are accepted on Mudarbah basis. The Bank invests the funds given by account holders in Islamic assets like Murabaha, Salam, Diminishing Musharakah, Sukuks and any other Shariah Compliant Investment which are duly approved by the Shariah Advisor. The profit earned is shared on the basis of profit & loss sharing ratio. In case of loss, the same is borne by the depositors in proportionate to their investment and the bank bear the loss of its efforts services in managing Mudarabah.

The profit of the pool is calculated from the income earned on all the remunerative assets booked by utilizing the funds from pool and is distributed between bank and depositors based on declared sharing ratio. The ratio for Bank (mudarib) and depositors is 50:50 for general pool.

As per policy of the Bank, weightages are declared three days before start of each month. Gift (Hiba) given during the current period Rs 21,088,376 (2022; Rs 1,082,777).

Brief highlights of profit earned and distributed to depositors and retained by IMD are as under:

|   |      | 2023        | 2022         |
|---|------|-------------|--------------|
|   | Note | Rupees      |              |
| Gross income / profit                     |      | 241,161,920 | 85,319,992   |
| Administrative expenses of pool           |      | -           | (10,003,280) |
| Net distributable share                   |      | 241,161,920 | 75,316,712   |
| Profit paid to PLS accounts/ Certificates |      | 87,368,786  | 7,771,700    |
| Bank equity share                         |      | 108,054,505 | 61,938,865   |
| Bank Mudarib Share                        |      | 45,738,630  | 5,606,146    |
|   |      | 153,793,134 | 67,545,011   |
| Total                                     |      | 241,161,920 | 75,316,711   |
| Return on average earning assets          |      | 22.55%      | 13.77%       |
| Return on average PLS / Deposits          |      | 15.37%      | 9.10%        |

All types of direct administrative expenses of General pool are shared with the depositors. However, equity holders have the option to absorb all or part of administrative expenses. All general and specific provisions created against non-performing financing and diminution in the value of investment as under Prudential Regulations and other SBP directives have not been passed on to the PLS depositors.

## FEATURES OF SPECIAL POOL

In this pool, savings and terms deposits are accepted on Mudarbah basis. The Bank invests the funds given by account holders in Islamic assets like Murabaha, Salam, Diminishing Musharakah, Sukuks and any other Shariah Compliant Investment which are duly approved by the Shariah Advisor. The profit earned is shared on the basis of profit & loss sharing ratio. In case of loss, the same is borne by the depositors in proportionate to their investment and the bank bear the loss of its efforts services in managing Mudarabah

The profit of the pool is calculated from the income earned on all the remunerative assets booked by utilizing the funds from pool and is distributed between bank and depositors based on declared sharing ratio.

Gift (Hiba) given during the current period Rs 15,844,232 (2022: Rs 256,542).

# **Shari'ah Advisor Report**

For the year ended December 2023

بِسِّمِ اللهِ الرَّحُمْنِ الرَّحِيمُ الْحَمْدُ لِلهِ رَبِّ الْعَالَمِيْنَ وَالصَّلَاةُ وَالسَّلَامُ عَلَى خَاتَمِ الْاَثْبِيَآءِ وَالْمُرْسَلِيْنَ وَعَلَى أَلِهِ وَصَحْبِهِ اَجْمَعِيْنَ

U Microfinance Bank Limited (U Bank) obtained approval for Islamic Microfinance Division - IMD from State Bank of Pakistan on dated December 31, 2021 and started its formal IMD Operations from 05-January-2022. By the grace of Almighty Allah, the year under review, U Bank Islamic Banking has accomplished it's 2nd Financial Year of Islamic Banking Operations with 61 full-fledged Islamic Banking Branches.

The Board of Directors (BODs) and management are responsible to provide effective and comprehensive Shari'ah compliance environment in line with Shari'ah and Regulatory Circulars & Guidelines issued by State Bank of Pakistan (SBP) for Islamic Microfinance Businesses to ensure conformity of U Bank's Islamic Microfinance products and operations with Shari'ah rules & principles and regulatory requirements.

The report summarizes review and approval of the overall operations of U Bank's Islamic Microfinance Division, along with the details of Shari'ah compliant products, other related documents, and financial activities related to Islamic Microfinance operations during the year. The review also includes Profit & Loss Distributions and other associated activities, all of which were conducted in accordance with the requirements of Shari'ah Guidelines, AAOIFI Shari'ah Standards, and SBP Regulatory Instructions & guidelines.

Following were the major developments that took place during the year under review;

This year, U Bank Islamic Microfinance facilitated Shari'ah-compliant deposit and financing products for microfinance customers, effectively addressing their investment and financing requirements. These products were introduced under the nomenclature of underlying Shari'ah modes of financing, such as Murabaha, Salam, and Diminishing Musharakah. The distinct feature of these products was the use of Shari'ah-compliant modes of financing, which helped create awareness of Islamic banking among microfinance customers. Overall, the launch of these products was a success for U Bank Islamic Banking.

During the year, the products and services, agreements & contracts, transactional structures, treasury investments, and policies and manuals have been assessed for the underlying Shari'ah principles and bases employed in the offerings of the products and transactions of U Bank's Islamic Microfinance.

The Shari'ah Compliance Department, under the supervision of the Shari'ah Advisor, has performed several Shari'ah reviews throughout the year, including examining various transactions on a sample basis. The Shari'ah Compliance Department has obtained all required information and explanations, which were deemed sufficient evidence to form an opinion and provide reasonable assurance that

U Bank's Islamic Microfinance adhered to the relevant Shari'ah regulations and guidelines issued by the Shari'ah Advisor and SBP.

As per the SBP's directives, Shari'ah Compliance Department carried out monthly pre-disbursement reviews of profit and loss distribution to depositors. In addition, post-disbursement quarterly Shari'ah audits of profit and loss distribution were performed, and the resulting reports were presented to the Shari'ah Advisor for guidance on appropriate corrective actions.

Capacity building through training and development is crucial for the growth and advancement of the Islamic Banking industry, as it allows for the optimal utilization of human resources. To this end, U Bank's Islamic Microfinance places particular emphasis on the development of its staff through the provision of in-house and external training opportunities. The Shari'ah Advisor and Shari'ah Compliance Department, in conjunction with HR, conducted Shari'ah and other relevant training sessions on Islamic Banking and related products for the U Bank's staff and sales team throughout the year.

Over the course of the year, range of financing-related pricing, Schedule of Charges (SOC), and deposit-related activities as outlined in the Mudarabah Profit & Loss Distribution and Pool Management Policy were reviewed and approved.

Comprehensive review of the core banking system (CBS) was conducted as the U Bank is in process to adopt CBS for its Islamic Microfinance operations too. The CBS is widely recognized and renowned within the banking industry, and was evaluated its suitability for use in U Bank's Islamic Microfinance operations.

Throughout the year, reviewed and granted formal Shari'ah approvals for all marketing materials of U Bank's Islamic Microfinance, including product flyers, TV and radio commercials, digital and social media content, print media advertisements, website layouts and content, as well as multiple card designs, letterheads, Islamic branch billboards, and digital screens.

Throughout the year, guidance was provided on a range of matters and customer queries to enhance the Shari'ah processes of U Bank's Islamic Microfinance. These included direct expense of the pool, purchase of various commodities and appliances and fertilizers, pesticides, and watering through Murabaha and Salam financings.

Throughout the year, U Bank Islamic Banking accumulated PKR 81,700 in charitable funds resulting from delayed customer payments, while donations related to prohibited means and void transactions were not reported. For each type of charity fund collected, a separate liability account (non-chequing) is established in distinct General Ledgers.

Charity funds are held in a Shari'ah-compliant remunerative account & reported PKR 1,887 profit on Charity Funds. As per the guidance of the Shari'ah Advisor. Following the prevailing Charity Policy and SBP guidelines, a total of PKR 135,000 has been disbursed to charitable organization during the year.

The management has taken initiatives for smooth operations of U Bank's Islamic Microfinance in line with the Shari'ah & Regulatory guidelines and took prior approvals of Shari'ah Advisor for all policies and services being offered by the U Bank's Islamic Microfinance.

# Shari'ah Advisor's Opinion;

The Shari'ah Advisor, in coordination with the Head of Islamic Microfinance Division, periodically checked and monitored the activities and operations of U Bank's Islamic Microfinance. Based on the provided information and explanations, I am of the view and to the best of my knowledge and belief, that:

- 1. U Bank's Islamic Microfinance has complied with Shari'ah rules and principles in the light of Fatawajat, rulings and guidelines issued by its Shari'ah Advisor;
- 2. U Bank's Islamic Microfinance has complied with directives, regulations, instructions and guidelines related to Shari'ah compliance issued by State Bank of Pakistan from time to time in accordance with the rulings of SBP's Shari'ah Advisory Committee;
- 3. U Bank's Islamic Microfinance has a comprehensive mechanism in place to ensure Shari'ah compliance in its overall operations;
- 4. U Bank's Islamic Microfinance has complied with the SBP guidelines & instructions on profit & loss distribution and Pool Management. However, the pool management system has been implemented and in the final stages of validation from different stakeholders.
- 5. Training and capacity building department is in place to strengthen the level of awareness of staff and management in understanding the importance of products and processes as well as the Shari'ah Compliance;
- 6. U Bank's Islamic Microfinance has a well-defined system in place to ensure that any earnings realized from sources or by means prohibited by Shari'ah or void transaction should be credited to the Charity Account and properly utilized as per prevailing Charity Policy;
- 7. it is confirmed that not any earnings have been realized from sources or by means prohibited by Shari'ah or Void transactions; thus the same has not been credited to the charity account as applicable.

I hereby certify that the U Bank's Islamic Microfinance has performed under the adopted Shari'ah rules and principles and I have reviewed and approved all the policies, procedures, manuals, product programs and related documents and Takaful coverage agreements for the year ended December 31, 2023.

# Recommendations of the Shari'ah Advisor;

On the basis of above, Shari'ah Advisor recommend that;

- 1. As U Bank converting its core Banking system into world renowned system so fully automated Core Banking System and Pool Management System for U Bank's Islamic Microfinance should be finalized on priority basis.
- 2. During the year U Bank's Islamic Microfinance has launched Murabaha, Salam, Diminishing Musharakah and Mudarabah products for its financing and deposit customers respectively. However, Shari'ah Advisor is of the view that further new products should be developed to facilitate the different types of Islamic microfinance customers and the staff is to be further trained in this regard by internal & external trainings.

- 3. It is recommended to facilitate all the staff of the U bank with Diminishing Musharakah based Vehicle and Home Staff Financings.
- 4. Islamic Digital based financing and deposits products such as Wallet accounts for depositors should be finalized on priority basis.
- 5. Islamic Financing Facilities, all types of Takaful coverage and provident funds should also be available for Islamic Microfinance Staff on priority basis.
- 6. Suitable and skilled resources should be hired on vacant positions especially in the Shari'ah Compliance Department on priority basis.
- 7. Frequency of Shari'ah, Islamic Banking & Finance, Product and financing administration (CAD) trainings for all staff should be improved in all regions and Islamic Banking marketing by different means should be used to spread public awareness.
- 8. There should be frequent Islamic Banking awareness sessions with proposed Islamic Microfinance customers.
- 9. It is recommended that Islamic Banking Window operations should be started in conventional branches of the U Bank.

I have found nothing contrary to the Shari'ah Rules and Principles and the applicable laws, in all material respects and hereby certify that the overall activities and operations of the U Bank's Islamic Microfinance are Shari'ah compliant.

I, being a Shari'ah Advisor of U Bank's Islamic Microfinance, would like to take this opportunity to offer praise to ALLAH Almighty and seek HIS guidance for further progress, development and prosperity of Islamic Banking, under the sincere efforts of senior management of U bank and State Bank of Pakistan.

Rest Allah Knows Better,

وَاللّٰهُ سُبِّحَانَهُ وَتَعَالَىٰ اَعْلَمُ وَصَلَّى اللّٰهُ تَعَالَىٰ عَلَى خَيْرِ خَلْقِهِ سَيِّدِنَا وَمَوْلَانَامُحَمَّدٍ وَّ عَلَى ۚ اللّٰهِ وَصَحْبِهِ اَجْمَعِيْنَ
